- Increase collaborations

# Objectives

- Improve the exchange of ideas/knowledge about programming
- Share coding strategies/solutions
- Increase collaborations
- Develop the level of programming in the institution

# How will it work?

- A 1 hour meeting per month

# How will it work?

- A 1 hour meeting per month
- Each meeting will be divided in two parts:

# How will it work?

- A 1 hour meeting per month
- Each meeting will be divided in two parts:
  - A short 20-30 minutes presentation on tools/algorithms

# How will it work?

- A 1 hour meeting per month
- Each meeting will be divided in two parts:
  - A short 20-30 minutes presentation on tools/algorithms
  - A debate/question part where anyone can pose questions/problems

# How will it work?

- A 1 hour meeting per month
- Each meeting will be divided in two parts:
  - A short 20-30 minutes presentation on tools/algorithms
  - A debate/question part where anyone can pose questions/problems
- Speakers are completely voluntary

# Bottom line

- Enjoy the first session

# Bottom line

- Enjoy the first session
- Don't forget to send feedback
